THE HEALTH PLANS OF EL PASO FIRST

Provider Network and Credentialing

Gabriel De Los Santos

Credentialing Contracting Representative

Onboarding Overview

- El Paso Health's Contracting and Credentialing Department is the initial contact for network participation.
- Initial credentialing events: EPH is responsible for notifying Aperture of a Provider's intent to contract via a Start work file.
- Re-credentialing events: Aperture will notify Providers due for re-credentialing via letter the timeframe in which Provider must submit its credentialing application for processing.
- **Notification letters will be sent to Providers, from Aperture, six(6) months prior to the end of the Provider's thirty-six (36) month re-credentialing cycle.

Credentialing Process

- EPH must complete the credentialing process for a new provider and the claims system must be able to recognize the provider as a Network Provider no later than 90 calendar days after receipt of a complete application
- Expedited Credentialing-The following provider types can qualify for expedited credentialing process: Physicians, Podiatrists, Therapeutic Optometrists, Dentists, Dental Specialists, Licensed Clinical Social Workers, Licensed Marriage and Family Therapists and Psychologists.
- To qualify for expedited credentialing, a Provider must be a member of an established group that is already contracted;
 - ✓ be a Medicaid enrolled provider
 - ✓ agree to comply with the terms of the contract between the group and EPH
 - ✓ timely submit all documentation and information required to begin the credentialing process

Credentialing Process

- Application forms accepted.
 - Aperture will accept applications via Availity's portal, or EPH Start work file (Application and documents are uploaded via a Provider Doc folder)
- Timeframe for Application Gathering:
 - Initial Credentialing - application should be complete within sixty (60) calendar days of receipt of the Provider on the Roster or Start Work File (SWF).
 - Incomplete/No Response - Aperture will close the file with a status of PSV004 or "non profile" and return the file to EPH.

Application Submission

Applications should be submitted thru the Availity Portal

www.availity.com

Applications can be submitted to El Paso Health

Primary Source Verification (PSV)

What is primary source verification and Why is this important?

- Primary source verification is the process in which a practitioners education, training and licensure are verified.
- It helps the healthcare organization or facility maintain a skilled and qualified practitioner in their network or their staff.
- Through PSV, we ensure that all credentials are current and accurate to prevent medical negligence
- What is considered a Primary Source?

Credential	Primary Source
State Medical License	Issuing State Licensing Board
DEA License	Drug Enforcement Agency

Screening, Brief Intervention, and Referral to Treatment (SBIRT)

- SBIRT is a comprehensive, public health approach to the delivery of early intervention and treatment services. Benefit is available for Members who are 10 years of age and older and who have alcohol or substance use disorders or are at risk of developing such disorders.
- SBIRT is used for intervention directed to individual clients and not for group intervention.
- Who can provide SBIRT: physicians, registered nurses, advanced practice nurses, physician assistants, psychologists, licensed clinical social workers, licensed professional counselors, certified nurse midwives, outpatient hospitals, federally qualified health centers (FQHCs), and rural health clinics (RHCs).
- Non-licensed providers may deliver SBIRT under the supervision of a licensed provider if such supervision is within the scope of practice for that licensed provider.
- The same SBIRT training requirements apply to non-licensed providers

Screening, Brief Intervention, and Referral to Treatment (SBIRT)

- Providers that perform SBIRT must be trained in the correct practice of this method and will be required to complete at least four hours of training.
- Proof of completion of SBIRT training must be maintained in an accessible manner at the provider's place of service.
- Information regarding available trainings and standardized screening tools can be found through the Substance Abuse and Mental Health Services Administration. <https://www.samhsa.gov/>
- **Prior Authorization is NOT required.**

Referrals to In-Network and Out-of-Network Providers

Bertha Alarcon, RN CCM

RN Case Manager II

In Network Referrals

- No authorization is required when PCP refers to an in network specialist.

Out of Network / Out of Town Referrals

- Authorization is required for all out of network/out of town referrals.
- If a member needs a service out of town, check with the out of town provider that he/she accepts Medicaid. If the provider agrees to see the member fax him/her a referral.
- Submit a prior authorization form to EPH and include progress notes that support the need to send the member to an out of town provider.

(cont.) Out of Network/Out of Town Referrals

- Remember out of town referrals should only be made if there are no other providers in town that could see the member.
- Note: Referrals to out of town provider(s) need to be in Texas.

Medical Record Review

Referrals

If a member has an abnormal finding (e.g., hearing/vision) documentation must indicate a referral or explains why a referral is unnecessary.

ECI referrals: A referral to ECI can be based on professional judgment or a family's concern. A medical diagnosis or a confirmed developmental delay is not needed to refer. As soon as a delay is suspected, children may be referred to ECI, even as early as birth. Refer from birth to 36 months of age

Blanks

If a component can't be completed.....document why. A plan to complete the component(s) if not due to reasons of conscious or parental concerns must be included in the documentation.

An incomplete checkup is subject to recoupment unless there is documentation to support why the component was not completed as part of the checkup.

Special Investigations Unit

Rocio Chavez, Chief Compliance/HIPAA Officer

Nancy Brown, SIU Manager

Special Investigations Unit

Texas enacted HB 2292 to require all Managed Care Organizations like El Paso Health to establish a plan to prevent waste, fraud and abuse (FWA Plan).

Provider Responsibilities:

- Medical Records and billing are the responsibility of the Provider regardless if there is a third party contracted.
- If you bill for a Member with the same NPI but different location, you are required to submit the medical record for both locations.
- Submission of a complete medical record. TMHP guidelines

If a service is not documented it will be recouped

SIU Process

- El Paso Health contracts Health Management Services (HMS) to conduct preliminary investigations.
- 5-7 providers are **randomly** selected on a **monthly** basis.
- HMS recommends El Paso Health the following possible actions: Education, Random Sample of medical records or Extensive Review of medical records.
- HMS will request records for Random Samples and Extensive Reviews.
- A Business Records Affidavit is required.

Closing the Review

- After a Random Sample or Extensive review the provider will receive a notification letter with the review findings.
- If necessary El Paso Health will begin the Recoupment Process.
- The Provider has the right to dispute the belief of an incorrect finding. Must be done within 30 days of receiving the letter.

Discussion about possible incorrect findings

Recoupment Process

- El Paso Health will review any disputed claims and finalize the recoupment.
- Once the recoupment is finalized, the claims are recouped and cannot be appealed at a later date.
- Per the Office of the Inspector General's directive, El Paso Health will recoup via claims adjustments.

Additional Audits

- Office of Inspector General
- 39 Week OB Reviews
- Verification of Service

SFY 2020 - Cultural Competency and Linguistic Services Provider Training

Edgar Martinez, MBA

Director of Member Services

Cultural Competency and Linguistic Services

- El Paso Health (EPH) is committed to provide effective, equitable, understandable, and respectful quality care and services that are responsive to diverse cultural health beliefs and practices, preferred languages, health literacy, and other communication needs.
- El Paso Health ensures annually that governance; leadership, associates, providers and subcontractors are educated and trained about, remain aware of, and are sensitive to the cultural differences and language needs of our Members.
- To accomplish this goal, El Paso Health established a *Cultural Competency Plan* that reflects the National CLAS principle standards, Title VI of the Civil Rights Act guidelines and the provision of auxiliary aids and services, in compliance with the Americans with Disabilities Act, Title III, Department of Justice Regulation 28 C.F.R. § 36.303, 42 C.F.R. § 438.10(f)(6)(i), and 1 Tex. Admin. Code § 353.411, builds upon our relationships with the community, our Members, and the health care Providers in our borderland community.

Cultural Competency and Linguistic Services

Culturally and Linguistically Appropriate Services Standards (CLAS)

- What is CLAS? It is a way to improve the quality of services provided to all individuals, which will ultimately help reduce health disparities and achieve health equity.
- The National CLAS Standards are a set of 15 action steps intended to advance health equity, improve quality, and help eliminate health care disparities by providing a blueprint for individuals and health care organizations to implement culturally and linguistically appropriate services.

Cultural Competency and Linguistic Services

Cultural Competency

- It is important to recognize that people of different cultures have different ways of communicating, behaving, and problem-solving.
- Cultural Competency means the ability of individuals and systems to provide services effectively to people of various cultures, races, ethnic backgrounds, and religions in a manner that recognizes, values, affirms, and respects the worth of the individuals and protects and preserves their dignity.
- <https://youtu.be/tHEwEvAXxos>

Cultural Competency and Linguistic Services

- El Paso Health's *Culturally Competency Plan* policy is infused throughout the organization operations.
- We partner with agencies that offer American Sign Language (ASL) services for Providers and Members to ensure the delivery of culturally and linguistically sensitive services. These services are arranged and paid by EPH.
- Our contracted interpreters are competent and proficient in English and other languages common in the El Paso SDA, have training in the ethics of interpreting and have the ability to interpret accurately and impartially.

Cultural Competency and Linguistic Services

- EPH notifies and coordinates with the Provider and Member alternative interpretation options, such Over-the-phone interpretation (OPI), including three-way calls, or the earliest availability of an in-person interpreter. Both Members and Providers may request interpreter services free of charge.
- Providers may call El Paso Health's Member Services Hotline for assistance with obtaining interpreter services. EPH must make a good faith effort to arrange an in-person interpreter when one is requested, regardless of the advance notice.
- Members may request written, spoken, and sign language interpretation services by calling the Member Services Hotline or accessing the TDD line.

Transportation Services

El Paso Health offers Medicaid and CHIP Members a free taxi ride service to doctor visits or health education classes.

To schedule a transportation request for a doctor's appointment or health education class, call the El Paso Health Member Services Line 48 hours before the appointment at 1-877-532-3778 and a Member Service Representative will assist with scheduling the taxi ride.
