RE:

NEW DSHS COVID-19 Vaccine Resource for Members and Providers

DSHS is the lead agency for the COVID-19 vaccine roll-out and is responsible for developing communication to the public about the vaccine. Materials developed by DSHS can be used by the public as appropriate.

DSHS websites and social media contain the most up to date COVID-19 vaccine roll-out information. They recently launched the Texas Public Health Scheduler (TPHVS) to help people sign up for the COVID-19 vaccine through participating public entities across Texas. HHSC encourages Providers and Members to utilize the new resource. The website also has a 'Frequently Asked Questions' section.

Texas Public Health Vaccine Scheduler Website

<https://getthevaccine.dshs.texas.gov/s/>

Note: The scheduler will not replace all COVID-19 vaccine registration sites or vaccine locator tools. People should register for a vaccine using the sites and tools that work best for them.

For most current information please check the DSHS website and social media accounts as information is subject to change.
