**TO:** Valued Providers

**FROM:** El Paso Health

**DATE:** May 26, 2020

**RE:** **Housing Choice Plan Survey**

---

The Behavioral Health Advisory Committee has approved the development of a Housing Choice Plan for individuals with mental health conditions, substance use histories and/or intellectual and developmental disabilities input.

This survey is designed to collect data for this plan and seeking input on the survey from individuals with lived experience, families/caregivers, Providers, service agencies and organizations.

At this time with the focus on COVID-19, it is important to complete and distribute the survey at this time because housing is a critical component of a person's health and well-being.

Answers to the survey will help HHSC understand the need for housing and housing supports across the state and make plans for the future. Responses to the survey are anonymous and confidential. Answers will be combined and summarized with the responses of many other people. Answers will not change an individual's ability to receive or provide services.

Please help us to obtain the need information to to assist in planning to address housing difficulties for these individuals.

**Housing Choice Survey open from May 15, 2020 to June 15, 2020** survey link:
