THSteps Reminder

Effective January 1, 2017

Mental health screening procedure code 99420 will be discontinued

- Procedure code 99420 will be replaced by two new procedure codes, 96160 and 96161.
- Mental health screening using one of the validated, standardized mental health screening tools recognized by THSteps is required once for all clients who are 12 through 18 years of age.
- A mental health screening must be submitted with procedure code 96160 for a screening tool completed by the adolescent, or procedure code 96161 for a screening tool completed by the parent or caregiver on behalf of the adolescent.
- Only one procedure code (96160 or 96161) may be reimbursed for the mental health screening per client per lifetime based on the description of the procedure code and the service rendered.

Accelerated Services for Children of Farmworkers who Travel for Work

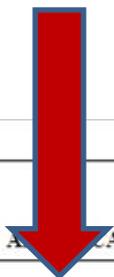

- A State initiative to provide accelerated services to children of farmworkers who travel for work due to the uniqueness of the population.
- El Paso First Health Plans cooperates and coordinate with the State, outreach programs and Texas Health Steps regional program staff and agents to ensure prompt delivery of services to children of traveling farmworkers who may transition into and out of the MCO's Program more rapidly and/or unpredictably than the general population.
- Coordinate with the Outreach Coordinator for provider education on these services.

What does Accelerated Services for Children of Farmworkers mean?

- El Paso First must provide accelerated services to FWC Members.
- ***Accelerated Services*** are services that are provided to FWC Members prior to their leaving Texas for work in other states.
 - Accelerated services include the provision of preventive Health Care Services that will be due during the time the FWC Member is out of Texas.
 - The need for accelerated services must be determined on a case-by-case and according to the FWC Member's age, periodicity schedule and health care needs.

Well Care Visits in the First 15 Months of Life

Barrier	Intervention
Members of this age group had not received re-enforced messaging from the MCO to obtain their well-care visits.	Baby Steps Program
Members are consistent in completing the required visits until the 12 month birthday. At this time, they skip the 15 and 18 month checkup and resume at the 24 month checkup	Borderline Outreach
Providers may not be billing for all well-care services conducted. Through other interventions the MCO already has in place, a trend of being unable to confirm visits through claims had been identified.	Provider Education

Performance Improvement Projects (PIPs)

2017 Interventions

Well Care Visits in the First 15 Months of Life

Intervention	Description
Baby Steps Program	<ul style="list-style-type: none">• Target members born between October 3, 2016 and October 2, 2017 (will turn 15 months in 2018)• Send regular texts to encourage completion of visits for chance to enter raffle
Borderline Outreach	<ul style="list-style-type: none">• Target members born between October 3, 2015 and October 2, 2016 who have completed 4 to 5 of the 6 well-care visits• Send text messages to encourage completion of their last visits before 15 month birthday
Provider Education	<ul style="list-style-type: none">• Target providers identified as having a high turn-around time for well-care claims submission• Timely submission is important for accurate tracking of other interventions

Contracting Process

- Contracting Packet will include:
 - ✓ 2 copies of an unsigned contract
 - ✓ Credentialing Application (if the provider is not credentialed, a credentialing application will be included in the packet)

Important things to Remember

- ✓ Make sure that all applications, forms and contracts are completed in their entirety.
- ✓ Make sure that your applications and contracts are signed before returning.
- ✓ Failure to complete and sign will cause your application or contract to be returned and cause a delay in the process.
- ✓ Network participation begins when you have received a copy of your executed agreement with the effective start date.
- ✓ If your Individual or Group TPI are pending, the provider will continue with a non-par status for STAR-Medicaid until received and contract is amended. (No retro dates)

Network Closed to Specialty

- Panel Status continues to be closed for STAR and CHIP programs for the following specialties:
 - DME
 - Home Health
 - Physical Therapy, Speech Therapy and Occupational Therapy
 - Laboratory Services
- The provider network specialties that have an adequate amount of qualified providers may be subject to being closed for an indefinite time period.
- The review process of closed panels and network adequacy is conducted annually.

Referrals for Behavioral Health

- Behavioral health services are very private, so members do not need permission from their Primary Care Provider to receive these services.
- Members/providers may call El Paso First if any information regarding Behavioral Health services and/or if a list of providers is needed.

Case Management for Behavioral Health

- Providers may refer members to BH Case Management
- A Case Management Referral form can be filled out, faxed in or called in
- A BH CM will assess members needs, provide education, service coordination and referrals as deemed necessary
- BH CM will collaborate with referring provider

What is Case Management?

A collaborative process of assessment, planning, facilitation, care coordination, evaluation, and advocacy for options and services to meet an individual's and family's comprehensive health needs through communication and available resources to promote quality, cost-effective outcomes. (Case Management Society of America)

Benefits of Case Management

CM will provide a holistic, person-centered, medically appropriate service coordination for members who have chronic medical complexities or for whom a health incident has precipitated a need for additional support.

The case management program will address the member's physical, social, and psychological needs to promote optimal health outcomes and prevent fragmented service delivery.

Monthly Random Medical Records Reviews

- Texas enacted bill 2292 to require that all Managed Care Organizations like El Paso First establish a plan to prevent waste, fraud and abuse.
- To comply with this bill we randomly select 5-7 providers on monthly basis. These are providers that flag our system because of edits, billing patterns and coding issues
- This process involves the review of paid claims and if necessary a request for medical records
- This might result in education to the provider letting you know what problem we have detected.

Record Request Protocol

- Please make sure that you submit all of the requested information. If not submitted those claims will be recouped as:
No documentation for that date of service
- You will be required to sign a records affidavit
- At the end of the record review you will be notified of the findings
- If the review results in a recoupment:
 - You will include a detailed spreadsheet with claim and recoupment information
 - Within 30 days of the notice you will have the right to dispute the findings, except for the claims that were recouped for no documentation submitted
- The recoupment process is done via claims unless other arrangements are made.

Monthly 39 Week OB Reviews

- Random selection of 15 providers. If you have more than one physician in your group you might have more than one request for that month.
- Records are requested and reviewed to:
 - Ensure medical necessity of inductions and or c-sections, and
 - Determine proper utilization of modifiers U1, U2,U3
- Please note we only request the last progress note prior to the delivery and the Delivery Summary/Operative report.

Member Services Verification

- Random selection of 60 members a month
- Phone calls to verify that services were rendered as billed
- If unable to be verified by member we will request medical records
- The provider will be notified in writing of the findings

Cultural Competency

- El Paso First places great emphasis on the wellness of our Members. A large part of quality healthcare delivery is treating the whole patient and not just the medical condition.
- Sensitivity to differing cultural influences, beliefs and backgrounds, can improve a Provider's relationship with patients and in the long run the health and wellness of the patients themselves.
- We coordinate interpreter and translation services to meet the Member's needs. El Paso First's Cultural Competency and Linguistic Services Plan is available to its Network Providers upon request.
