Electronic Visit Verification Home Health Care Services

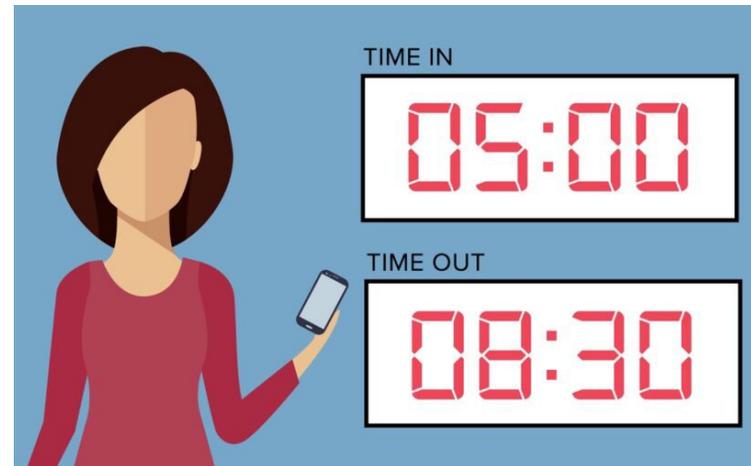

What is EVV?

EVV is a computer-based system that electronically documents and verifies service delivery information for certain Medicaid service visits.

EVV also helps prevent fraud, waste and abuse, making sure Medicaid recipients receive care that is authorized for them.

Some of the information documented is:

- Date
- Time
- Service type
- Location

21st Century Cures Act

Is a federal law that passed in 2016 requiring states to implement EVV for Medicaid personal care services and home health care services that require an in-home visit.

States that do not implement EVV will receive reduced federal Medicaid funding.

[HHSC 21st Century Cures Act web page](#) can provide you with more information.

Home Health Care Services Required to use EVV

- In-Home Skilled Nursing Visits
- Occupational Therapist services provided in the home
- Physical Therapist services provided in the home
- PCS provided by a home health aide in the home under the supervision of an RN, Occupational Therapist or Physical Therapist

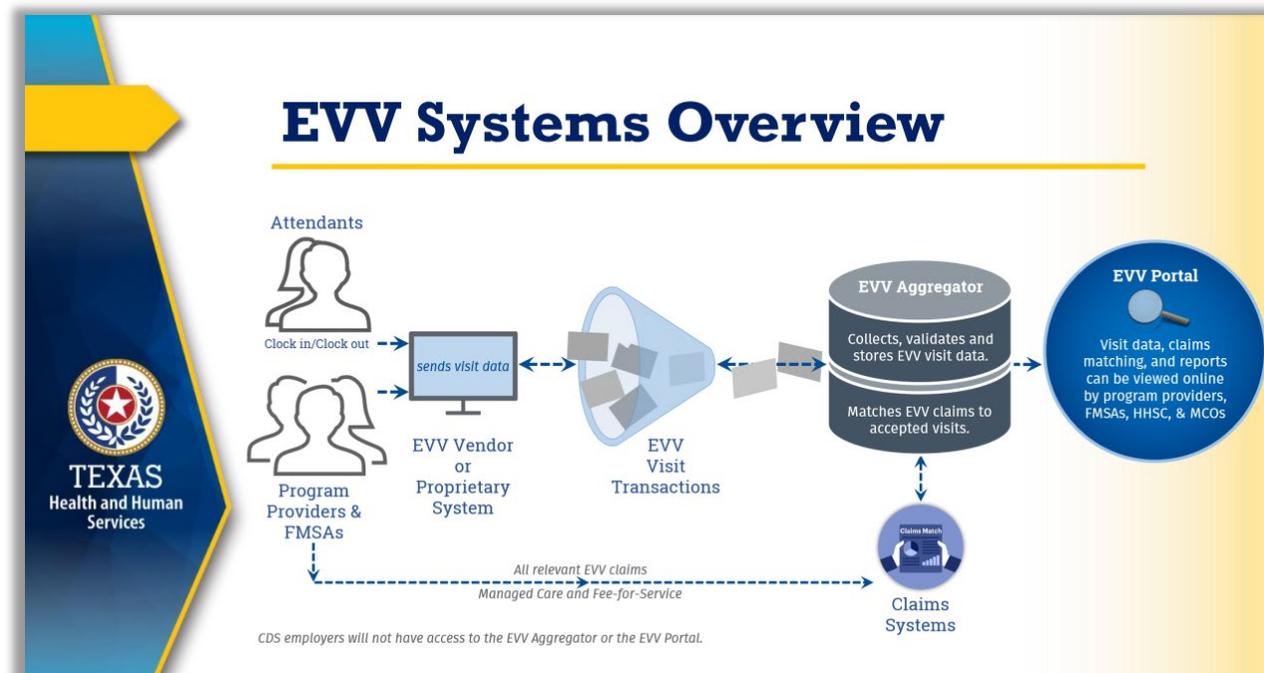

EVV Required Services Must be Submitted to TMHP

Dates of Service on or after December 01, 2023 which include EVV services must be submitted through TMHP via TexMedConnect, or EDI using a Compass 21 submitter ID.

MCO's will begin to reject any claims directly received with EVV services, redirecting providers to submit the claims through TMHP for EVV claims matching.

Questions can be submitted to: EPH_EVV@pasohealth.com

Prior Auth Process for Therapy Services

Obtain an order from the physician to evaluate or re-evaluate

Perform the evaluation/re-evaluation

Obtain signed and dated orders which indicate a frequency and duration OR physician signed plan of care.

Submission of your request should include:

- Prior auth form with dates of service within 180 days of therapy starting
- Modality being requested
- CPT codes and relevant diagnosis codes

Please note:

- The recommended frequency by the physician is the frequency that will be considered by the EPH Medical Director.
- The physician order or signed Plan of Care should be dated following the evaluation/reevaluation.

Therapy Orders

Submission of the order to evaluate/re-evaluate is no longer required, however, you must submit a physician order postdating the evaluation with therapy frequency and duration or a signed plan of care.

You must keep the order to evaluate/ re-evaluate on file in case of an audit.

Also, submit current evaluation/re-evaluation, plan of care to include SMART goals, pertinent physician clinical or well child visit.

NOTE: El Paso Health will request additional information if any of the above is missing from the request

NOTE: Submit Prior Authorization Request no earlier than 30 days of the current authorization end date

Friendly Reminders

Please Do Not:

- Request initial or re-evaluation codes on prior authorizations dated 8/1/23 or later
- Submit all disciplines on one request
- Re-use the same order that has already been used in previous authorizations
- Bill a therapy CPT and an evaluation CPT code for one evaluation assessment
- Bill two different initial evaluation codes for the same discipline for the same patient within 3 years
- Request un-payable codes
 - For example: Submission of G0283 and 97010 are not payable and should not be included on the prior auth request. These will delay authorizations.
- Additionally, we ask for your help in reviewing in the TMPPM, the specific elements that are required for:
 - Chronic vs. Acute
 - Initial vs. Recertification
