

Attention: All Texas Medicaid Providers!

Revalidate Early or Risk Losing Eligibility!

Why This Matters:

Any provider who wishes to participate in Texas Medicaid must enroll and revalidate their enrollment through the TMHP PEMS system.

What You Need to Do:

1 Verify Your Email:

Make sure you have a verified email address in the Provider Information tab of your enrollment record. This ensures you receive critical notices.

2 Check Your Revalidation Date:

Find your revalidation due date in your:

- PEMS Dashboard
- Provider Information tab

Reminder: The due date is when the entire process must be complete and approved not just submitted.

3 Start Early:

You can begin revalidating 180 days before your due date. Don't wait until the last minute.
