

MEMORANDUM

TO: Valued Providers
FROM: El Paso Health
DATE: 09/13/2017
RE: Zika Care Connect Resources for Provides

This notification is intended to encourage providers to enroll in Zika Care Connect (ZCC), a voluntary program to connect pregnant women and infants affected by Zika to recommended healthcare services. This program establishes a network of specialty healthcare professionals, called the ZCC Healthcare Professional Network. It includes individual providers and coordinated care centers, and was established based on clinical guidance developed by the Centers for Disease Control and Prevention (CDC).

As a Medicaid provider, you may be interested in enrolling in the ZCC Network. ZCC includes professionals across healthcare specialties, including endocrinology, developmental pediatrics, infectious disease, mental health, pediatric ophthalmology, pediatric neurology, radiology, and maternal-fetal medicine.

Program participants will receive updates on CDC clinical guidance that pertains to patients affected by Zika, Zika-related resources for patients and healthcare professionals, and patient referrals.

This is an important resource for families affected by Zika, and we hope you will consider participating. For additional information, please see the fact sheet and FAQs, on our website <http://www.elpasohealth.com/zika/> or visit the www.zikacareconnect.org website.

If you have questions please contact your Provider Relations Team at 1-877-532-3778 x1507 M-F 8am – 5pm.
